NEWFOUGLITH SUB CAMP

Welcome citizens of NewFoughlith, to the best sub camp on the Jamboree site!!

As you cross the Brandwine Bridge, separating the upper from the lower camps, you will come across NewFoughlith, the best Subcamp in Middle Earth – we are just North of Rivendell.

Some of you might be asking what NewFoughlith represents in Middle Earth – well let me tell you. In the Old World, way before Elves, Foughlith, was the extensive lands to the North (the North Kingdom) – the very best in Old World. NewFoughlith is a rebirth of that ancient place where many have feared to tread throughout history. To ensure you reside in the best lands at the PJ site we have created NewFoughlith for you to enjoy during your time at PJ2011.

The lands in NewFoughlith are extensive with lush green forests extending from the misty mountains to the lowlands to the south or dark foreboding hollows as we like to think of them. However if you don't make an effort, you might not get a chance to explore the entire lands or meet all of your fellow NewFoughlithians or "Newfs" for short, who have travelled from afar to be part of your Kingdom. Make sure you visit the Misty Mountains to see the top end near the top of the Earth and get a good look at the Hollows. We are blessed with a beautiful stream the Molyniuk on the east side of our campsite but please, this is a productive salmon stream and we ask that you stay out of the entire creek sloped area. Yes, it is signed well.

Your Hosts sailed over from the Isle of Vancouver from the Victoria Bas to make your time at PJ the best it can be. You can find us anytime at Brandy Hall which is right at the entranceway so we are easy to find.

Upon your arrival expect to be greeted by the Kingdoms elder King Rick who is a bit of a Barney. He will also be sending out a quick post in the form of an e-mail telling you about

the camp, things you need to bring and full of other helpful hints and ideas to enhance your time with us.

The hosts of NewFougith are looking forward to making your time in our lands the best it can be and for you to have a great Jamboree!
