OOS Subcamp – “Avalon”

Building on the success of PJ'07 Avalon will not be your typical OOS Subcamp. We believe that the volunteers should have just as much fun as the scouts, if not more since they are working most of the time they spend at PJ. So we're planning to make this subcamp your home away from home. At our central coffee shop, you will find everything you need to relax: hot drinks, games (ie: board games such as risk and chess, or join a group for poker, etc...), reading material and much more. Also, we will be providing entertainment every evening, which will include movies, activities (ie: Foosball, Kubb etc...) and there will also be a stage, where talent shows and other entertainment can be held. Bring your best longest hair so that on shave night, you can join the people who lose all their hair! On top of that, we are planning some theme days with appropriate activities and entertainment. Bring along your best dress for Beach Party Day, Sports Day, Pajama Day and Canada Day (yes we know, its usually July 1...but not at jamboree!) We can even help you with cell phone charging!

We at the OOS Subcamp understand what a commitment this is, and we plan to make this experience as fun as possible. We promise that we will do everything in our power so that you're taken care of. How can you resist that?
